S64 SERIES HYDRAULIC HOIST

Hydraulic Well Mount Hoist Cylinders

The S64 series hydraulic hoist is designed for the most demanding applications for tipper bodies on both trucks and trailers.

From initial engineering to the finished unit, we combine top-grade materials, precise component production and thorough testing to produce a high quality, dependable and economical product.

Suits:

All tipper body applications.

Product Features

- **All Stages Hard Chrome Plated**
To provide maximum durability and long life.
- **Quality Hallite and Kaden Seals Fitted**
Designed for superior reliability.
- **Last Stage Blanked**
No “bleeding” required to reduce time and cost at installation.
- **Increased Overlaps**
Provides greater stability and longer life.
- **Low Closed Heights**
Enables interchangeability with other brands.
- **Larger Diameter Stages**
Provides an increased lifting capacity.
- **Higher Grade Steel Used**
To provide greater durability.
- **Standard Mountings**
Industry standard bolt patterns top and bottom for ease of changing out.

Allow 20mm extension of the top stage when the body is in the fully lowered position to prevent the body riding on the hoist.

Maximum Pressure = 200Bar

Dimension 'A' and 'C' includes the 20mm pull out.
