S65 SERIES HYDRAULIC HOIST

Hydraulic Front Outer Cover Hoist Cylinders

The S65 series hydraulic hoist is designed for the most demanding applications for tipper bodies on both trucks and trailers.

From initial engineering to the finished unit, we combine top-grade materials, precise component production and thorough testing to produce a high quality, dependable and economical product.

Suits:

All tipper body applications.

Product Features

- **All Stages Hard Chrome Plated**
To provide maximum durability and long life.
- **Quality Hallite and Kaden Seals Fitted**
Designed for superior reliability.
- **Last Stage Blanked**
No "bleeding" required to reduce time and cost at installation.
- **Increased Overlaps**
Provides greater stability and longer life.
- **Larger Diameter Stages**
Provides an increased lifting capacity.
- **Higher Grade Steel Used**
To provide greater durability.
- **Dual 1" BSPP Ported**
Provides flexibility in installation, to make use of available mounting space.

Please note that the cylinder is a lifting device only and not a structural member.

The cylinder should not be used at overload or side load conditions.

Maximum Pressure = 200Bar
